Summary

Motivated BCA graduate with hands-on experience in web development and software development using JavaScript, Java, and Python. Skilled in building responsive web applications, working with REST APIs, and developing real-time systems using technologies like Node.js, Express.js, and MongoDB. Strong foundation in data structures, object-oriented programming, and problem-solving. Seeking an entry-level IT role to apply technical skills, contribute to innovative projects, and grow as a software professional.

Education

- **Bachelor of Computer Applications (BCA)** : Vidyavahini First Grade College, Tumkuru, with CGPA: 8.39 and Expected Graduation: 2026
- **Pre -University Course (PUC)** : Sarvodaya PU College, Tumkuru, with Percentage: 59.5%
- **SSLC (10th Grade)** : Vidyaniketan High School, Tumkuru, with Percentage: 84%

Skills

- **Programming Languages:** Java, Python, C++
- **Web Development:** HTML, CSS, JavaScript
- **Frameworks & Technologies:** Express.js, Flask, Spring Boot, .NET
- **Databases:** MySQL, MongoDB, SQLite
- **Core Concepts:** Object-Oriented Programming (OOP), Data Structures, REST APIs
- **Tools:** Git, GitHub, VS Code
- **Soft Skills:** Problem Solving, Communication, Team Collaboration, Adaptability, Time Management

Project Experience

- **Typing Club Clone**
Participated in the Clone Web Expo which is organized by V-Avishkar IT Club at VVFGC by building a clone application of Typing Club.
- **Finger Gesture-Based Virtual Drawing System**
Showcased a project titled Finger Gesture-Based Virtual Drawing System using Media Pipe and OpenCV during Daksha Carnival at VVFGC.
- **QR Code Attendance System**
Participated in the App Venture which is organized at VVFGC by building a real time web application of QR Code Attendance System using Python, Flask, OpenCV, SQLite3, HTML/CSS, Webcam.

Internship

- **Code Alpha – Java Full Stack Development Intern (Virtual)**
Duration: 1 Month
Worked on developing and enhancing a mini social media application and a real-time communication system. Implemented key features such as user authentication, post creation, and messaging. Built backend services using Express.js and MongoDB, and designed responsive user interfaces using HTML, CSS, and JavaScript. Supported application usage for 20+ users.
- **Ethnotec – Java Full Stack Intern (On-site, Full-time)**
Duration: 1 Month
Developed full stack applications using Core Java, Spring Boot, HTML, CSS, and JavaScript. Gained experience in backend development, database integration, and building real-time application features. Improved problem-solving, coding, and application development skills through hands-on practice.
- **S N Infosystem – Web Development Intern (On-site, Full-time)**
Duration: 1 Month
Developed responsive web components using Material UI / Material JS. Assisted in building and improving frontend interfaces for web applications. Worked on UI design and component integration to enhance user experience and gained practical exposure to real-world development and team collaboration.

Certifications

- **Java Development** – VIJESHA IT Service LLP
- **Introduction to MongoDB** – ICT Academy
- **Artificial Intelligence Fundamentals** – IBM
- **Introduction to Cybersecurity** – Cisco Networking Academy
- **AI & Cybersecurity Basics (Microsoft Learn)** – Microsoft

Leadership activities

- Led a team during a college fest event, coordinating planning and execution activities
- Demonstrated teamwork, communication, and organizational skills.

Additional Information

- Languages known: English, Kannada, Sanskrit
- Hobbies: Cycling, Chess, Basketball (as a mid-player)
